

V-Box series tanks are designed for medium or heavy duty truck anti-icing and de-icing applications. Featuring a minimum specific gravity rating of 1.9 and UV stabilized material. The V-Box series of tanks offer extra-long life with reduced bulging and is capable of applying liquids of all specific gravities. The V-Box series of tanks are designed to fit today's most popular V-Box spreaders and can be used in manual, open-looped and closed loop liquid applications.

## V-Box Series Tanks

### FEATURES

- **Molded Internal Baffles**  
Improved vehicle stability with less material movement
- **Extra Heavy Duty Tank**  
Able to accurately apply high specific gravity liquids
- **High-Density, UV Stabilized Polyethylene Plastic**  
Exceptional protection from sun deterioration for extended life
- **Extra Large 5" Vented Fill Cap**  
Allows easy access to tank for maintenance, service and top filling
- **Splash Proof Vent**  
Prevents spilling associated with liquid sloshing
- **1-1/2" Quick Disconnect Fill Port**  
Ground accessible fill and drain port
- **Optional Stainless Steel Carrier**  
Pre-engineered mounting system fits the most popular truck frames
- **Bulkhead Tank Connections**  
Service connectors easily with replaceable parts
- **Suction Filter Cartridge Standard**  
Protects pump for added life
